

RECOMMENDATION LETTER

It is with great pleasure that I'm writing this letter of recommendation for mr. **MAKSIM SANNIKOV**. I have known him for one year as his teacher at Financial markets and Economic activities course. In our institution, University of Trento, he is one of the most active students with practical oriented approach. In this letter I will elaborate on his professional and personal skills that make him a valuable candidate for the Strategic Management for Global Business program at Cattolica University.

Overall Maksim demonstrated his deep-interest, analytical, and teamwork skills, as well as precise attention to detail - all abilities, which are vital for the future manager. Maksim constantly shows his engagement in the class topics asking precise questions which leverage course topics to practical side and actual agenda. Being ambitious and conscientious, he always coped well with basic tasks and after that paid great attention to extra research, broadening his horizons. He didn't have problems with results or attendance of necessary activities and did more than was planned or tasked.

All the above makes me certain that Maksim will undoubtedly be a valuable addition to the programme and his skills and abilities will be maximized. I am certain that this goal-oriented student will fulfill his potential and become a very accomplished professional. I am convinced that he is one of those promising and enthusiastic young people who hold evident strong capacity to pursue a Master's degree at Cattolica University.
